

Continued commitment

Our mission is reflected through a continued commitment to execute diverse and highly complex projects on time, whilst delivering best of breed products within budget, and offering unparalleled manpower expertise for mission critical assignments.

MVP Tech is our specialized security and technology systems integration company representing leading products from various U.S, European, and Australian manufacturers. These include IP Surveillance, Automatic Number Plate Recognition, Access Control, Intrusion Radar Systems, Explosive Detection Technologies, Blast Proof Protection and Anti-ballistic Armory.

Our security contracting division works in conjunction with MVP Tech to provide multinationals, governments, shipping companies and the Oil and Gas sectors with risk assessments and strategic security deployment plans to reduce and eliminate internal and external threats to personnel and assets.

This division has established itself as a specialist in the field of new works, reworks and rectification of existing works. We again focus on the engineering challenges other companies do not want to take on. Our approach to each job is customized and often involves working in difficult environments, setting up temporary structures to support logistics and personnel.

Representing world re-known white goods brands from Italy and the US including ELBA, ELICA, Foster and more, MVP Appliances focuses on the supply and installation of the full chain of all domestic and industrial grade white goods.

TRUST INSPIRED

Experience Remembered, Trust Inspired
